

NEW LINE

THE *low* LINE FOR THOSE WHO AIM *high*

READY TO COLOR YOUR DIET LIGHT BLUE?

This new line was born with the **idea of embracing a wider audience**, not only related to the world of diets and gyms, but rather, expanded to all those consumers who without any particular dietary regimen **are looking for a healthy and enjoyable product**.

This is in response to the needs of a market that, especially in Italy, has shown over the past few years, **to be very interested in claims related to fiber and protein** and much less attentive to carbohydrate reduction.

The result is a very palatable product line, not far from traditional flavors but, with a **higher fiber and protein intake** than other competitors on the market today.
