

A CHANGE IS IN PROGRESS!

The STAGE 2 product range is characterized by a low carbohydrate content, a high fiber content and a lot of taste!

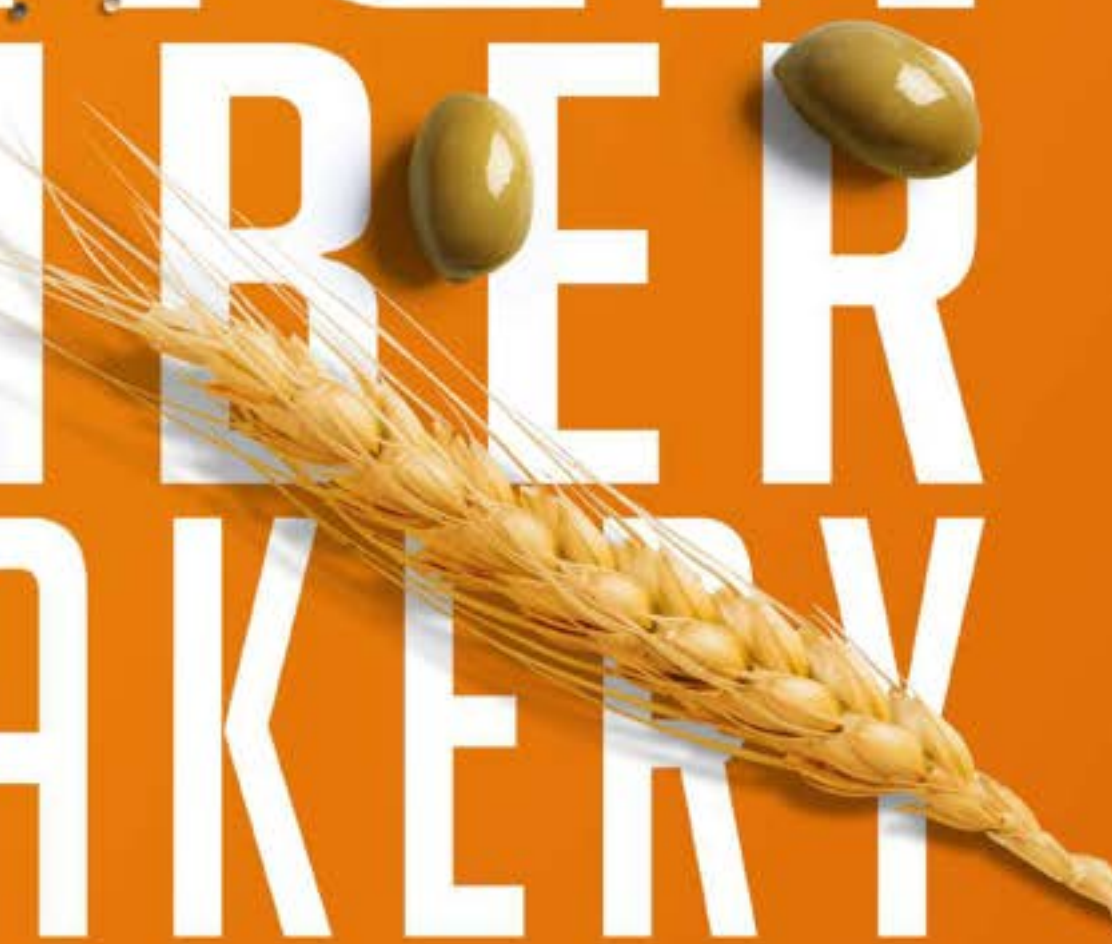

Dietary fibers are low in calories, help the body to achieve a sense of satiety and promote intestinal transit.

The Stage 2 line has a reduced caloric intake and **can be used after the products of the Stage 1 line** as it is **suitable for maintaining the desired weight avoiding the rebound effect.** **The products of the Stage 2 line** are extremely versatile as they are **adaptable to most of the diets present on the market.**
